

UPCOMING WESTWOOD AVE. CONSTRUCTION PROJECT

Dear Homeowners on Westwood Avenue,

On Friday, September 16th Bacco Construction will be setting up traffic control for the start of the water service replacements on Monday, September 19th.

The water service replacements will be replaced from the watermain in the street to 18" inside your basement. The City of Kingsford water crew personnel will be asking each homeowner to show them the indoor plumbing and or special landscaping that could possibly affect the location of the water service next week for planning purposes. For assistance or more information on the project call Superintendent Jeff DeMuri (Office #: 906-774-3070)

The City of Kingsford thanks everyone affected for their cooperation and would ask for your patience during the project.

HOUSES AFFECTED BY WATER MAIN REPLACEMENT:

574 Everton	205 Westwood
552 Lexington	539 Maplewood Court
540 Maplewood Court	416 Westwood
