**RE: Michigan Natural Resources Spark Grant Application  
Letter of Support – City of Kingsford – Menominee River Water Trail**

Dear Mr. Stelmaszek:

This letter is in support of the City of Kingsford's proposed Menominee River Water Trail. Having ADA access to a trail along the Menominee River has been a need in our community for a long time. To allow people of limited mobility to access the river and enjoy the wonderful natural environment will be a great benefit to our community and organization. On behalf of \_\_\_\_\_, we offer our letter of support for this project.

Sincerely,
