

## **Heights Water Project Update Posted: 5-5-2025**

Payne & Dolan continues to place water main down Dickinson Blvd from Edison to Fulton. The plan is to finish a short stretch of water main down Fulton and then stop at that point. The testing of water main will start midweek, and the water service line crew should be starting to replace service into the houses next week. The watermain crew will then start placing watermain from the Montclair/Fulton intersection heading towards Westwood and stopping there. Marquette Blvd is scheduled to have blacktop removed this week.

**\*\*If your home is located in the project area you may notice the below notices on your doors when you arrive home from our Contractor, Payne & Dolan:**

"Payne & Dolan, Inc. will begin construction and repaving of your street in accordance with the City of Kingsford Water Project. Please have all vehicles off the street between the hours of 7:00am and 7:00pm. You will have access during the construction process with minor delays. If you need access, please follow the direction of a crew member on site. Any questions please call (262)259-5179. Note: Payne & Dolan, Inc. does not pave residential driveways."
