

**Heights Water Project Update Posted: 7/8/2025**

Payne & Dolan is starting to install water main on Dickinson (from Westwood to Bluff) tomorrow (7/9) and will continue the remainder of the week.

Weather permitting, paving is planned for Dickinson and Marquette to start tomorrow (7/9)

All services on Saratoga are pleated and the plumber has everyone hooked up to the new water line.

The plumber is scheduling the inside work on the houses on Edsel this week and next week (you should be receiving a call).

The watermain tie-in will be done on Roycroft and Brookfield after houses on Edsel are hooked up by the plumber.
